

► In our city there is a small swamp, which manages to sustain an admirable number of birds. The Artemis wetlands or Alykes as it is called, is a space spanning 180 acres, on top of the sea, north of the city. It is shallow wetlands with sweet water, that connects to the sea with a small stream that becomes more wide or narrow depending on the season.

Windows desktop environment displayed on the projection screen. The system tray shows the date and time: 15:05 29/11/2021. The weather is 5°C Sunny. The search bar contains the text "Type here to search".
